Guidelines for Poster Preparation

- Dimensions of poster - 36 inches (3 ft.) wide and 48 inches (4 ft.) height.
- Prepare poster on white flex.
- The poster orientation - 'Portrait' position (long dimension is vertical).
- Your poster should effectively communicate your work to the viewers.
- Poster organization - Poster can be organized into various sub-parts as per your abstract (Introduction, Aims & Objectives, Material & Methods, Result, Conclusion)
- Title - Poster title, Name of the author/s, Department and Institution - at top-center of the poster.
- Lettering for the title should be large (at least 70-point font). Do not use all the letters in capital for the title.
- Use a minimum font size of 18-20 points of Times new roman. Be consistent- use the same font throughout.
- Keep the introduction or context in brief. Instead of a narrative you use a bullet points.
- Make sure that you present only necessary data to support your conclusions.
- Use self-explanatory 'visuals' (graphs, photographs, schematics, maps, etc.) to emphasize your methods and findings.
-

Bring yours poster with you on the seminar day.
